The Bands 2017

ASH GRUNWALD *Contemporary Blues* The only way a man can truly come into his own power, is to begin seeing who he truly is. Not seeing what he thinks he should be and certainly not seeing himself as he'd like to be seen by others; a good hard look within at what it is he stands for. This is the brutality and in the same breath, the blessing, of time; of experience and of the confrontation of a world that's moving in contrast to core beliefs. This is Ash Grunwald NOW.

BAREFOOT BELLES *Indie Rock* Fun loving, local lasses hell bent on creating noise that reflects their inner 80's child. They play fast, in your face, emotionally driven music with a DIY attitude and punk sensibilities.

BLACK RABBIT GEORGE *Folk, flamenco, rockabilly* This is the story-telling talent of Paul A George, the musician whose guitar drives the unique sounds of **Tijuana Cartel**, one of the tightest and most sought-after bands on the Australian festival circuit.

BLUE REED Passion Swing and Fire are some of the emotions you will encounter while enjoying the songs from gypsy swing trio Blue Reed.

BONNIE LOVE *Acoustic Blues* An explosive Molotov cocktail of harlot and song from a true chanteuse who was born for the stage.

BULLHORN *Hip Hop/Soul New Wave Brass Band*, BULLHORN, are an acoustic force of nature with a line up including 7 horn players, 1 drummer and 1 monster MC.

CIGÁNY WEAVER *Gypsy Jazz* Cigány Weaver create sounds reminiscent of Jazz Manouche, Traditional Romani music to contemporaries such as Bjork, their virtuosic live performances invoke an array of toe-tapping, from the subtle tap to the carefree exuberant stomp of the dance floor.

CROSSROADS *Roots Reggae* Crossroads is a roots/rock/reggae/blues intersection where pumping hard rock meets earthy roots and where reggae slides across the blues highway

DAVY SIMONY *Folk-Roots* Boasting the powerful energy of a one-man-band, Davy combines live looping and foot percussion with his songwriting

DIRT RIVER RADIO *Blues/Rock* The Dirties' are a band with a true gang mentality and are renowned for their wildly volatile, no punches pulled live shows.

ELLA HARTWIG *Soft rock/ Indie* 14 year old singer/song-writer from Cooktown, playing acoustic originals, alternating both guitar and keyboard. With a soft-rock acoustic feel, vaguely reminiscent of Jack Johnson's laid back style.

FAUX MO *Hip-Hop/Rap* Faux mO are a blip-hop duo combining kinky nihilistic poetry with melodic synth blips and beeps.

LEGENDS OF PERHAPS *Indie Rock* Legends of Perhaps are a young band of brothers and sisters who play a mix of songs about issues close to their hearts such as climate change, fun quirky songs about "Kreepy Kids" and life as they live it.

MACHINE MACHINE MM- Magical Mayhem. The psychedelic motherfunkers MACHINE MACHINE are a four piece band from the tropical roots of Queensland who have been jamming and writing original (and we mean original) tunes for the last couple of years, whilst forging a name for themselves in FNQ and beyond.

MAL WEBB & KYLIE MORRIGAN Vocal adventurer, multi-instrumentalist and looping beatboxing songwriter Mal sings his brain provoking songs using all sorts of vocal techniques, guitar, mbira, slide trumpet, trombone, chromatic harmonica and a loop recording pedal called Derek. And Kylie (who's played with Orchestra Victoria and the likes of Stevie Wonder and Barry White!) provides violin and voice in a perfect balance to Mal's nutsness. Their arrangements are intricate and playful. Imagine Einstein, Dr Seuss and Paganini making pancakes. Ebulliently eclectic. Nefariously varied. Family fun free from facile frippery.

MANALION *Dance* Dirty Roots Rock Reggae with a tonne of Soul, met to sing of love and trouble, of leisure and life."

NIQ REEFMAN Tim Minchin flying a trumpet through a thunderstorm. Funky Picasso-bard Niq Reefman spreads storytelling songs of camaraderie, mirth and beauty.

OPAL OCEAN *Worldbeat Mexican Flamenco*. Opal Ocean is a powerhouse instrumental duo that shifts paradigms of the acoustic guitar. Opening the borders of genre, they fuse together rock, flamenco techniques and progressive pop arrangements to create their own unique wall of sound.

PEYOTE *Punk* Psychedelic foot tapping head banging groove rock from the the far north

SECRET TUESDAYS *Celtic Folk* An all woman harmonic celebration of folk, gypsy, shanties, and country - a sepia toned collection of gold nuggets and old bones.

SUE RAY *Americana, alt country*. Award winning Americana alt-county songstress Sue Ray has a voice that will never let you go. The multi-award-winning singer/songwriter captivates audiences with her haunting, emotionally charged lyrics, considered compositions and smoky, molasses-rich voice.

SUNNY RAY Conscious Soul / folk and Roots dripping with sweet harmonies

THE BRAINS TRUST Sunshine Coast trio The Brains Trust combine luscious soul textures and hip-hop attitude into beats that punch out of any sound system. The combined skills of producers Jonny Boinkin and Ed Ruben create new vibrations of the body and mind, topped off by glistening vocals from talented songstress Jess Lean. Fusing deep bass, mellow ambience and classic soul showmanship, a live performance from The Brains Trust will convince you that three heads are better than one!

THE IMPRINTS *Dance World Live-Looping Dub* The Imprints' live looping multi-genre show with sub bass, high energy drums and soaring violin solos gets festival crowds high!

THE KROOVS *Celtic Folk* A celebration of all things folk and blues, The Kroovs won't fail to get your feet moving!

THE MOORDITJ BROTHERS *Didgeridoo and acoustic roots* Unpretentious didge, drum and dance music rooted in blues, roots, rock, reggae and more.

THE TASTE *Hip-Hop/Rap* A truly dynamic, fun and fresh musical ensemble with elements of funk, rock, reggae, soul and hip-hop. Combing groovy rhythms with soulful hooks, the Tropical Hip Hop pioneers put on a high energy performance that'll have you craving your next taste in no time!

THE WILSON PICKERS The Wilson Pickers are a formidable Australian group with an impeccable songwriting and playing pedigree. The Wilson Pickers play original folk and alt. country songs using bluegrass instrumentation. Standing five men across the front of the stage and are renowned for their 5 part harmony singing and jovial attitude. Their shows are raucous, virtuosic, often spell binding and always fun. In 2017 the happy accidental side project that is the Wilson Pickers rolls on.

YAZMINDI *Alternative* At 19 years young, hard working multi-instrumentalist and singer songwriter YAZMINDI has taken her music to festivals and venues around Australia and abroad to Austin, Texas. Her style of indie, alternative folk with a touch of harmonica & stomp box, is an eye grabbing show not to be missed.

MISFUNCTION & THE FUNGUS BROS Original funk, dance and chill with sax, flute and rap,rocking from the locals
